

Sponsorship: Maritime Parliamentary Reception

The maritime parliamentary reception, held during London International Shipping Week, will launch Maritime UK's economic impact study. This biannual report identifies the value of the maritime sector to the UK economy.

LISW17 is the 'must attend' maritime event of 2017, offering over 160 industry functions and unique networking opportunities for leaders across all sectors of the international maritime sector.

The Wednesday afternoon reception will also serve as a platform to promote the UK maritime sector's role in the government's industrial strategy, and the maritime sector's bids for sector deals within the strategy.

Around 200 MPs, Peers and industry leaders will gather on the Terrace of the House of Commons, and we invite you to associate yourself with the UK's maritime sector at this high profile reception.
